### Contact Lens Agreement

At Ophthalmic Physicians, we are dedicated to your eye health and an enjoyable contact lens experience.

**THE COMPREHENSIVE EYE EXAM:** Before a person can be fit with contact lenses, a complete medical and refractive eye exam is necessary. This exam is critical to assure good health of your eyes and rule out any unsuspected, underlying condition that may prevent contact lens use.

**FIRST FIT CONTACT LENS EVALUATION:** A First Fit Evaluation is necessary if you have no previous history of contact lens wear. This fee will be in addition to the comprehensive eye examination fee and covers the initial evaluation and all contact lens related follow-up visits for a period of 90 days. If also includes training for insertion, removal, and lens care. Follow ups beyond 90 days will be charged a refit fee.

**ESTABLISHED CONTACT LENS EVALUATION:** By law, a contact lens prescription is valid for one year. All patients are required to come in annually for a contact lens evaluation as well as a comprehensive eye exam to ensure that your eyes are healthy, and that the contact lenses are still fitting well. Contact lens prescriptions cannot be renewed without an annual exam.

The Contact Lens Evaluation fee will range in price depending on the complexity of the contact lenses worn:

- First Fit Contact Lens Evaluation & Training .....\$95
- Established Contact Lens Evaluation.....\*\$55-75
- Refit (after 90 Days).....\*\$55-75
- Medical Contact Lens Fit (Keratoconus).....\$225

\*The exact fee within these ranges depends on the type of lens and complexity of the exam. If you have questions about the expected fee for your evaluation, please discuss them with your doctor.

Contact Lens Evaluations do not include your annual supply of contact lenses, which can be ordered after the prescription is finalized. We will not finalize contact lens prescriptions until both the patient and the doctor are satisfied with the fit and visual acuity of the lens. Soft trial lenses are available at no cost during the fitting process.

**RETURN POLICY:** Contact lenses can only be returned for exchange if the boxes are unopened, unmarked and in new condition. Do not write on your boxes. Each exchange is subject to manufacturer’s guidelines and will be handled on a case-by-case basis. There are no refunds on contact lens service fees.

By signing this form, you are acknowledging that you understand the above terms and have been given appropriate instructions in inserting, removing, and caring for your contact lenses. You also understand that if you experience pain, redness, discharge, and/or or any sudden changes in your vision you are to discontinue lens wear and contact our office immediately.
